

CONSENT TO ACCESS

By authorized signature below, Ohio Environmental Protection Agency (Ohio EPA) and/or its representatives are hereby given consent to enter property owned by

_____ [name], and located at
_____ [address],

to conduct the activities described below:

- Proposed sample location marking for utility evaluation
- Collection of shallow (0-6 inch depth) soil samples using hand tools.

By giving consent, the authorized signatory does not waive or otherwise compromise the property owners' rights under federal, state, local law, nor under common law, with the exception of those rights waived in giving this consent. Ohio EPA will exert its best efforts to aesthetically restore any portion of the property substantially disturbed by its activities to its previous condition, after completion of the described activities.
